COMMENT: In subsection (b), the word and is substituted by the Compiler because the original or makes no sense in view of §8(e) of the Organic Act. That §8(e) permits the laws of Guam to regulate succession only when both the Governor and Lieutenant Governor are temporarily absent or disabled. If only the Governor is absent or disabled, then the Organic Act provides, in §8(a), that the Lieutenant Governor becomes Acting Governor. Further, §8(c) of the Organic Act provides for the situation when only the Lieutenant Governor is absent or disabled temporarily. Therefore, this law can only cover the situation where both Governor and Lieutenant Governor are temporarily absent or disabled.

An individual who becomes I Maga'håga/Maga'låhi under this subsection shall continue to serve until the expiration of the then current term of I Maga'håga/Maga'låhi. Reference to the "Guam Legislature" replaced with I Liheslaturan Guåhan pursuant to 2 GCA § 1101.

NOTE: This Chapter establishes the procedure for creating what has come to be known as the “I Tano’-ta” Land Use Plan.

§ 1200. Legislative Findings.

I Liheslatura recognizes that since the early 1960’s, Guam has experienced population, economic and physical growth rates that are among the highest in the region; that Guam and her people have benefitted greatly from all levels of socio-economic and physical development which has thus far taken place but it is the desire of the people of Guam to sustain and encourage the development of the island in a manner that would foster greater economic opportunities and stability for Guam without adversely affecting the cultural, environmental, social and natural resources unique to the island; that without careful study of the types and scale of socio-economic development anticipated for Guam and her residents, there will continue to be an absence of foresight, direction and guidance present in the current and future stages of development needed by Guam to sustain the desired standards and quality of living for its people; that to fully enjoy the benefits that can and would be derived from Guam’s limited human and natural resources, development in Guam

CH. 1 OFFICE OF I MAGA'HAGA/MAGA'LÁHI [THE GOVERNOR]

must be guided by Guåhan 2050 Sustainability Plan that reflects the desires and aspirations of all who are guided by it; that a process for formulating Guåhan 2050 Sustainability Plan shall be established which shall identify the roles, authorities, responsibilities and processes involved in the formulation of the plan;

That there is a pressing need to establish policies which reflect the people's aspirations with respect to the future development of Guam - policies which evolve from sound strategic planning initiatives; policies that take into account all diverse elements of community needs and desires; policies that would channel the deployment of resources to meet the following goals and objectives:

- (a) To upgrade the quality of life for Guam's people;
- (b) To create conditions and opportunities whereby people fully participate and benefit at every level of social and economic activity;
- (c) To maintain balance and equity between development and the environment in order to preserve the unique culture, traditions and beauty of the island;
- (d) To optimize the use of resources to meet present and future infrastructure and suprastructure requirements of the people of Guam;
- (e) To develop and maintain infrastructure capacity at a level that could sustain future population, socio-economic and physical growth.

§ 1201. Legislative Intent.

(a) It is the intent of I Liheslatura:

(1) to integrate its policy-making efforts with public and private interests engaged in physical, social and economic development planning for the island;

(2) to establish a process and mechanism through which duly adopted policies of Guam are linked with all elements of governmental and non-governmental development planning and implementation activity, the island having experienced the ill-effects of fragmented and disjointed development efforts resulting from the absence of both an integrated planning process and [the] Guåhan 2050 Sustainability Plan that contain rational parameters for Guam's growth;

(3) that all planning efforts that occur in Guam, be they private or public, adhere and conform to the adopted policies, goals and objectives set forth in [the] Guåhan 2050 Sustainability Plan;

(4) to ensure that the people of Guam are not subjected to unbridled and unmanageable growth that would threaten the benefits, comforts and privileges to which each Guam resident is entitled; and

(5) that the formulation of the Guåhan 2050 Sustainability Plan serve to guide the island's growth and development up to and through the Twenty-First Century.

I Liheslatura wishes to collectively draw input, participation and expertise from all segments of the community in the effort to establish comprehensive planning for Guam and to solicit the services of development planning experts from both the public and private sectors.

(b) In its desire to establish short-range and comprehensive long term development objectives for Guam, inclusive of but not limited to the areas of education, visitor industry, economic development,

community development, health, transportation, communication, public safety, agriculture, taxation, culture, labor and human resources, recreation, environment, and political development, I Liheslatura hereby establishes strategies for initiating comprehensive planning for Guam and the formulation of the Guåhan 2050 Sustainability Plan. These strategies shall be as follows:

- (1) To determine the extent that Guam's land, water and human resources limit urban and rural development;
- (2) To plan for the preservation of the natural charm and character of Guam within the framework of a growing population and modern technology;
- (3) To establish specified areas of use within urban, suburban, rural, agriculture, conservation, industrial, and resort contexts;
- (4) To provide a development pattern that enhances the comfort, convenience and economic welfare of the individual;
- (5) To prepare land-use capability criteria as a basis for real property evaluation that equalize the divergent qualities of location;
- (6) To reappraise the extent of public, private and Federal land tenure in Guam and provide guidelines for relocation of inefficient or inappropriate uses;
- (7) To plan for the development and extension of necessary infrastructure and transportation facilities;
- (8) To plan for a high quality environment essentially free from pollution and with adequate and well-kept open space throughout Guam's varying activity centers;
- (9) To prepare criteria of substandard neighborhoods and identify areas that meet these criteria;
- (10) To recommend creative legislation regulating Guam's use of land for the protection of future generations.

Nothing in this Chapter is intended to limit the scope of any element or the areas of concern cited herein. However, it is the intention of I Liheslatura to fully integrate all planning elements and concerns within a viable development planning mechanism.

All or any part of the revenues derived by the government of Guam under Section 30 of the Organic Act may be pledged to secure the repayment of any bonds issued pursuant to this Section and pay costs incurred in the creation of such debts, subject to any previously created lien on or pledge of such revenues. Any pledge made to secure the bonds shall be valid and binding from the time the pledge is made. The revenues pledged and thereafter received by the government of Guam or by any trustee, depository or custodian shall be deposited in a separate account and shall be immediately subject to the lien of such pledge without physical delivery thereof or further act, and the lien of such pledge shall be valid and binding against all parties having claims of any kind in tort, contract or otherwise, against the government of Guam, such trustee, depository or custodian, irrespective of whether the parties have notice thereof. (e) Waiver of Immunity; No Personal Liability. Notwithstanding any substantive or procedural provision of the Government Claims Act, Chapter 6 of Title 5 of the Guam Code Annotated, the government of Guam waives immunity from any suit or action in contract on the bonds issued pursuant to this Section, but does not waive sovereign immunity as to the personal liability of elected officials and full-time employees of the government of Guam. No employee or elected official of the government of Guam shall be individually or personally liable for the payment of any amounts due on any bonds issued under this Section, or for any other liability arising in connection with the bonds; provided, however, that nothing in this Section shall relieve any employee or elected official from the performance of any ministerial duty required by law.

The certificate or indenture may appoint one or more trustees or other fiduciaries authorized to receive and hold in trust the proceeds of the bonds and revenues related thereto, to protect the rights of bondholders and to perform such other duties as may be specified in the certificate or indenture. I Maga'hågan/Maga'låhen Guåhan is also authorized to execute, on behalf of the government of Guam, any appropriate agreements, certificates or other instruments relating to the bonds and the sale of the bonds.

(g) Authorization for Credit Enhancement. I Maga'hågan/Maga'låhen Guåhan is authorized to enter into such contracts or agreements with such banks, insurance companies or other financial institutions as she/he determines are necessary or desirable to improve the security and marketability of the bonds issued pursuant to this Section. Such contracts or agreements may contain an obligation to reimburse, with interest, any such banks, insurance companies or other financial institutions for advances used to pay principal or interest on the bonds. Any such reimbursement obligation shall be payable solely from and secured by a pledge of the revenues described in Subsection (d) of this Section.

(l) Approval of Terms and Conditions. 12 GCA § 50103(k) also provides that GEDCA shall not sell any bonds without approval by I Liheslaturan Guåhan of the terms and conditions of the issuance of the bonds. (n) Local Sale of Bonds. GEDA shall undertake its best efforts to cause a portion of any bonds issued pursuant to this Section, to be offered for sale in Guam, as well as in other jurisdictions, if and to the extent that such offer and any sales resulting from such offer do not increase the cost to the government of Guam of issuing and repaying such bonds.

§ 1512.1. Authorization to Issue Bonds for Deficit Financing.

(a) Authorization of Issuance of Bonds. I Maga'hágan/Maga'láhen Guáhan is authorized to issue one or more series of bonds of the Government of Guam as provided in this Section, in an aggregate principal amount not to exceed the amount necessary to provide Two Hundred Forty-six Million Eight Hundred Twenty Thousand Eight Hundred Fifty-six Dollars (\$246,820,856) for the payment of authorized expenses listed in Subsection (i) hereof, to fund necessary reserves and to pay expenses incurred in connection with the issuance of such bonds not already included in an existing appropriation for or the regular budget of any government agency or instrumentality or public corporation providing any service in connection with the issuance of such bonds; provided, however, that bonds may not be issued in an amount that would cause a violation of the debt limitation provisions of 48 U.S.C. § 1423a (§ 11 of the Organic Act of Guam).

(b) Terms and Conditions Determined by Certificate or Indenture. The terms and conditions of the bonds shall be as determined by I Maga'hágan/Maga'láhen Guáhan, and approved by I Liheslaturan

Guåhan, by the execution of a certificate or indenture authorizing the issuance of the bonds prior to the issuance of the bonds; provided, however, that such terms and conditions shall be consistent with this Section, and that the bonds shall mature not later than November 15, 2039 and shall bear interest at such rates and be sold for such price or prices as shall result in a yield to the bond holders that does not exceed ten percent (10%) per annum.

(c) [No text]

(1) Valid and Binding. The bonds authorized by this Section shall constitute the valid and legally binding general or limited obligations of the government of Guam. The government of Guam pledges its full faith and credit for the punctual payment of both principal of and interest on the bonds and covenants that there shall be collected annually in the same manner and at the same time as government revenue for other purposes is collected, such sum as is required to pay the principal of and interest on the bonds. There are hereby appropriated from the General Fund such sums as may be necessary in each year to equal the amount of money necessary to pay the principal and interest on such bonds. The certificate or indenture shall require interest only payments for Fiscal Years 2009 and 2010 and shall not require bond principal payments until after such Fiscal Years. All officers charged by law with any duty in the collection of the revenues of the government from which debt service on the bonds will be payable shall do every lawful thing necessary to collect such sum. The validity of any such bonds shall not be affected by the validity or regularity of any proceedings for the payment of the General Fund expenses paid or to be paid with the proceeds of the bonds.

(2) Pledge of Section 30 Revenues. All or any part of the revenues derived by the government of Guam under Section 30 of the Organic Act may be pledged to secure the repayment of any bonds issued pursuant to this Section and pay costs incurred in the creation of such debts, subject to any previously created lien on or pledge of such revenues. Any pledge made to secure the bonds shall be valid and binding from the time the pledge is made. The revenues pledged and thereafter received by the government of Guam or by any trustee, depository or custodian shall be deposited in a separate account and shall be immediately subject to the lien of such pledge without physical delivery thereof or further act, and the lien of such pledge shall be valid and binding against all parties having claims of any kind in tort, contract or otherwise, against the government of Guam, such trustee, depository or custodian, irrespective of whether the parties have notice thereof. The certificate or indenture by which such pledge is created need not be recorded. All revenues pledged are hereby continuously appropriated for the purpose for which they have been pledged.

(d) Additional Bonds. This Section does not prohibit the government of Guam from issuing, after appropriate enabling legislation, other obligations of the government secured by the general obligation of the government on a parity with or subordinate to the bonds authorized by this Section on such terms as are created by the indenture or certificate pursuant to which the bonds are issued.

(e) Waiver of Immunity; Submission to Jurisdiction. Notwithstanding any substantive or procedural provision of Chapter 6 of Title 5, Guam Code Annotated, the government of Guam waives immunity from any suit or action in contract on the bonds, but does not waive immunity as to the personal liability of elected officials and employees of the government of Guam. Any such suit or action shall be brought in the District Court of Guam.

(f) No Personal Liability. No employee or elected official of the Government of Guam shall be individually or personally liable for the payment of any amounts due on any bonds issued under this Section, or for any other liability arising in connection with the bonds; provided, however, that nothing in this Section shall relieve any employee or elected official from the performance of a ministerial duty required by law.

Any such reimbursement obligation and any other obligations of the government under such contracts or agreements shall be general obligations of the government of Guam. (7) I Maga'hågan/Maga'låhen Guåhan shall utilize the 2011 Real Property Tax Assessment Roll as certified by the Board of Equalization in accordance with § 24518 of Chapter 24, Title 11, Guam Code Annotated, in calculating the amount available for future debt obligation under the Debt Limit (Ceiling) for the bond issuance authorized in this Subsection.

(b) Terms and Conditions Determined by Certificate or Indenture. The terms and conditions of the bonds shall be as approved by I Liheslaturan Guåhan, and as determined by I Maga'hågan/Maga'låhen Guåhan by the execution of a certificate or indenture authorizing the issuance of the bonds, prior to the issuance of the bonds; provided, however, that such terms and conditions shall be consistent with this Section; that the first and second series of the bonds shall mature not later than thirty-five (35) years after their date of issuance, shall bear interest at such rates and be sold for such price or prices as shall result in a yield to the bondholders that does not exceed six and one half percent (6.5%) per annum, shall require interest only payments for Fiscal Years 2012, 2013 and 2014, and shall not require bond principal payments until after such fiscal years; that the third series of the bonds shall mature not later than December 31, 2018, and shall bear interest at such rates and be sold for such price or prices as shall result in the present value of debt service on the third series of the bonds being at least two percent (2%) less than the present value of debt service on the bonds being refunded, using the yield on the third series of the bonds as the discount rate; and that the fourth series of the bonds shall mature not later than November 15, 2039, shall not be used to fund any new money projects, and shall bear interest at such rates and be sold for such price or prices as shall result in the present value of debt service on the fourth series of the bonds being at least two percent (2%) less than the present value of debt service on the bonds being refunded, using the yield on the fourth series of the bonds as the discount rate.

(1) Use of Funds Saved From Fourth Series. Beginning Fiscal Year 2016, the savings achieved by the government of Guam to the General Fund at or above the target referenced in Subsection (a) due to the refunding of the Government of Guam General Obligation Bonds, 2007 Series A and the Government of Guam General Obligation Bonds, 2009 Series A by the fourth series of bonds, an amount equal to the resulting reduction in debt service payments relating to the refunded Government of Guam General Obligation Bonds, 2007 Series A and the Government of Guam General Obligation Bonds, 2009 Series A, shall, to the extent practical, be allocated from the General Fund and subject to an appropriation by I Liheslaturan Guåhan toward capital improvements relating to the Guam Memorial Hospital Authority and other health related matters. The Bureau of Budget and Management Research (BBMR) shall be tasked to track and manage the savings achieved by this fourth series refunding and allocate such savings pursuant to this Subsection, and reflect the savings and allocation in the executive branch submission of its budget request to I Liheslaturan Guåhan each fiscal year. The funds allocated herein shall be in addition to the annual budget allocation and budgeted appropriation levels provided to the Guam Memorial Hospital Authority.

(c) Valid and Binding General or Limited Obligations. The certificate or indenture pursuant to which the bonds authorized by this Section are issued shall provide that the bonds constitute the valid and legally binding general or limited obligations of the government of Guam payable from the sources described in the certificate or indenture. If and to the extent that the bonds are general obligation bonds,

(1) the government of Guam pledges its full faith and credit for the punctual payment of both principal of and interest on the bonds and covenants that there shall be collected annually in the same

manner and at the same time as government revenue for other purposes is collected, such sum as is required to pay the principal of and interest on the bonds; and

(2) there are hereby appropriated from the General Fund such sums as may be necessary in each year, in addition to the amounts appropriated under Subsection (d)(2) of this Section to equal the amount of money necessary to pay the principal and interest on such bonds.

All officers charged by law with any duty in the collection of the revenues of the government from which debt service on the bonds will be payable shall do every lawful thing necessary to collect such sum. The validity of any such bonds shall not be affected by the validity or regularity of any proceedings for the payment of the expenses paid or to be paid with the proceeds of the bonds.

(d) Cost-Benefit Analysis.

(1) I Maga'hága/Maga'láhi Authorized to Pledge Revenues. I Maga'hága/Maga'láhi shall perform or cause to be performed expert independent financial and cost-benefit analysis to determine the more favorable financing for the government using the pledge, either business privilege tax revenues or General Obligation full faith and credit, for the repayment of the bond of which she/he is authorized to pledge. Such financial and cost-benefit analysis shall be performed by an independent, external party that does not have any financial interest in the bond financing or any connection to any party who may have a financial interest in the bond financing. The analysis shall include, but not be limited to, the following:

- (A) impact upon existing General Obligation bondholders and/or lines of credit;
- (B) cost of funds differential between a General Obligation and a Limited Obligation bond structure;
- (C) likelihood of investment grade rating on a Limited Obligation bond structure;
- (D) ability to issue future General Obligation debt in the capital markets;
- (E) indenture provisions that may limit government of Guam flexibility; and
- (F) additional security requirements that may impact or reduce net proceeds or affect government of Guam liquidity (i.e. reserve funds, coverage requirements, other covenants)

I Maga'hágan/Maga'láhen Guáhan shall first consult with the University of Guam to identify finance and economics professionals (professors or researchers), if any, within the University of Guam School of Business and Public Administration that hold the relevant experience and expertise necessary to perform the independent financial and cost-benefit analysis, to conduct the said analysis before seeking other potential providers. The University of Guam shall disclose the name(s) of all the faculty, staff or contracted individuals involved in the independent financial and cost-benefit analysis. The University of Guam shall have ten (10) days from the enactment of this Act, to inform I Maga'hágan/Maga'láhen Guáhan whether it agrees to provide the analysis.

Before any marketing of Limited Obligation bonds backed by a pledge of business privilege tax or General Obligation bonds can occur, the expert independent financial and cost-benefit analysis required in this Subsection shall be provided to the Speaker of I Liheslaturan Guáhan.

Up to Twenty-Five Thousand Dollars (\$25,000) is appropriated from the operating fund balance, or its equivalent, of the Guam Economic Development Authority for the independent financial and cost-benefit analysis required in accordance with this Subsection.

(2) Pledge of Business Privilege Tax Revenues. The certificate or indenture pursuant to which the bonds authorized by this Section are issued may provide that the tax revenues derived from the

levy of up to three (3) percentage points, out of the total number of percentage points levied from time to time, of the business privilege tax levied pursuant to Article 2 of Chapter 26 of Title 11, Guam Code Annotated, or any successor thereto, are pledged to secure the repayment of any bonds issued under this Section and to pay costs incurred in the issuance or administration of the bonds and any required reserves. Any such pledge made to secure the bonds shall be valid and binding from the time the pledge is made. The revenues pledged and thereafter received by the government of Guam or by any trustee, depository or custodian shall be deposited in a separate account entitled the "RAF Revenue Fund" and shall be immediately subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of such pledge shall be valid and binding against all parties having claims of any kind in tort, contract or otherwise against the government of Guam or such trustee, depository or custodian, irrespective of whether the parties have notice thereof. The certificate or indenture by which such pledge is created need not be recorded, and shall direct the distribution and disbursement of revenues from the RAF Revenue Fund following their deposit therein. All such taxes to the extent so pledged are hereby continuously appropriated for such purpose. So long as any bonds issued pursuant to § 1512.3, Title 5, Guam Code Annotated, remain outstanding, the government of Guam may not reduce the rate of levy and collection of the pledged business privilege tax below three percent (3%), nor may the government of Guam reduce the services, products or activities to which the pledged business privilege tax applies, nor may the government of Guam upwardly adjust any exception or exclusion to, or otherwise impair, the pledged business privilege tax.

(3) In the event the independent financial and cost-benefit analysis conclude that the pledge of the more favorable financing option for the repayment of the bond is credit-negative to any and all existing or authorized General Obligation bonds or lines of credit, the authorization of the bond issue shall be contingent upon final legislative approval of the financing terms including, but not limited to, the bond structure, security, indenture and covenants. I Maga'hága/Maga'láhi shall request such approval from I Liheslaturan Guåhan prior to the sale of bonds in the market but after the credit rating on the bonds is secured and affirmation of the current General Obligation rating and outlook is received.

(e) Additional Bonds. This Section does not prohibit the government of Guam from issuing, after appropriate enabling legislation, other obligations of the government that are general obligations of the government. This Section does not prohibit the government of Guam from issuing, after appropriate enabling legislation, other obligations of the government that are secured by pledged business privilege tax revenues on a parity with or subordinate to the bonds authorized by this Section on such terms as are provided by the certificate or indenture pursuant to which the bonds are issued. Such certificate or indenture may also provide that the aggregate principal amount of all bonds outstanding on a parity with the bonds authorized pursuant to this Section with respect to pledged business privilege tax revenues shall not exceed Three Hundred Forty Three Million Seven Hundred Thousand Dollars (\$343,700,000). Notwithstanding anything to the contrary in this Subsection (e), the certificate or indenture pursuant to which the bonds are issued shall provide that such limitation shall not apply to additional bonds issued for the sole purpose of refunding outstanding bonds authorized under by this Section, paying costs of issuance and funding any required debt service reserves associated therewith, and may otherwise provide for the raising of such limitation under such circumstances as may be specified therein.

(f) Waiver of Immunity; Submission to Jurisdiction. Notwithstanding any substantive or procedural provision of Chapter 6 of Title 5, Guam Code Annotated, the government of Guam waives immunity from any suit or action in contract on the bonds or any other agreement or facility entered into in connection with the bonds, but does not waive immunity as to the personal liability of elected officials and employees of the government of Guam. Any such suit or action shall be brought in the District Court of Guam.

5 GCA GOVERNMENT OPERATIONS
CH. 1 OFFICE OF I MAGA'HAGA/MAGA'LÄHI [THE GOVERNOR]

(g) No Personal Liability. No employee or elected official of the government of Guam shall be individually or personally liable for the payment of any amounts due on any bonds issued under this Section, or for any other liability arising in connection with the bonds; provided, however, that nothing in this Section shall relieve any employee or elected official from the performance of a ministerial duty required by law.

(h) Form of Bonds; Covenants; Appointment of Fiduciaries. The technical form and language of the bonds, including provisions for execution, exchange, transfer, registration, paying agency, lost or mutilated bonds, negotiability, cancellation and other terms or conditions not inconsistent with this Section, including covenants relating to the collection and application of revenues, shall be as specified in the certificate or indenture executed by I Maga'hagan/Maga'låhen Guåhan authorizing issuance of the bonds. Said certificate or indenture shall appoint one or more trustees, co-trustees or other fiduciaries authorized to receive and hold in trust the proceeds of the bonds, the revenues and other moneys relating thereto, to protect the rights of bondholders and to perform such other duties as may be specified in the indenture. I Maga'hagan/Maga'låhen Guåhan is also authorized to execute any appropriate agreements, certificates or other instruments relating to the bonds and the sale of bonds.

(i) Authorization for Credit Enhancement. I Maga'hagan/Maga'låhen Guåhan is authorized to enter into such contracts or agreements with such banks, insurance companies or other financial institutions as she/he determines are necessary or desirable to improve the security and marketability of the bonds issued under this Section. Such contracts or agreements may obligate the government to reimburse, with interest, any such banks, insurance companies or other financial institutions for advances they make to pay principal of or interest on the bonds and to indemnify any such banks, insurance companies or other financial institutions for costs and expenses incurred in connection with any such advance. Any such reimbursement obligation and any other obligations of the government of Guam under such contracts or agreements shall be limited obligations of the government of Guam payable from and secured by the revenues as provided by the certificate or indenture. Any such reimbursement obligation and any other obligations of the government of Guam under such contracts or agreements shall be treated, under § 11 of the Organic Act, as creating an obligation issued to refund the bonds.

(j) Use of Proceeds from the Sale of the Bonds.

(1) The proceeds from the sale of the first bond series shall be used and are hereby appropriated to

(A) pay unpaid income tax refunds and pay cost of living allowance to certain retired government of Guam employees pursuant to the case known as *Rios v. (A) The indenture or certificate or agreement by which the bonds are issued or such pledge is created need not be recorded.

(B) Any such pledge shall be a first lien, and shall not be subordinate to any other use of Pledged Revenues.

(A) Any such pledge shall be valid and binding against all parties in accordance with its terms and have priority against all parties in accordance with its terms from the time the pledge is made, and property so pledged shall immediately be subject to the lien of the pledge without the need for physical delivery, recordation, filing, or other further act.

(B) The pledge shall not be subject to Division 9 of Title 13, Guam Code Annotated or any successor statute.

(a) Authorization of Issuance of Bonds. Pursuant to § 50103(k) of Title 12, Guam Code Annotated, I Maga'hagan/Maga'låhen Guåhan is authorized to issue one or more series of tax-exempt or taxable bonds of the government of Guam from time to time, including, but not limited to, on a forward basis, for the purpose of refunding all or a portion of the government of Guam's outstanding Business Privilege Tax Bonds, Series 2011A (2011A Bonds), its Business Privilege Tax Bonds, Series 2012B (2012B Bonds), and/or its Business Privilege Tax Refunding Bonds, Series 2015D (2015D Bonds) and, together with the 2011A Bonds and the 2012B Bonds (Prior Bonds), in accordance with the following requirements, limitations, terms and conditions:

(1) All obligations of the government to pay debt service on, and the redemption price of, the Prior Bonds refunded shall be discharged concurrently with the issuance of the refunding bonds. Thereafter, such Prior Bonds shall be payable solely from and secured solely by an escrow established

CH. 1 OFFICE OF I MAGA'HAGA/MAGA'LÄHI [THE GOVERNOR]

for such purpose in accordance with the government's existing bond indenture or otherwise shall be redeemed on the closing date of the refunding bonds.

(2) The debt service savings resulting from the issuance of the refunding bonds shall be not less than an amount equal to two percent (2%) of the principal amount of the Prior Bonds refunded, inclusive of all charges and fees for bond counsel and bond underwriters and other costs of issuance in connection with the issuance, sell and delivery of the bonds. Debt service savings is defined for this purpose to be the amount by which the present value of debt service on the Prior Bonds exceeds the present value of debt service on the refunding bonds, using the yield on the refunding bonds as the discount rate for purposes of calculating present value. This provision shall not apply to the refunding of Prior Bonds for the primary purpose of providing cash flow relief to the government.

(3) Such refunding bonds shall have a principal amount or principal amounts sufficient to provide funds for the payment of all or a portion of the Prior Bonds refunded, and in addition, for the payment of all expenses incident to the calling, retiring or paying of such Prior Bonds and the issuance of such refunding bonds, including:

(A) the difference in amount between the par value of the refunding bonds and any amount less than par for which the refunding bonds are sold;

(B) any amount necessary to be made available for the payment of interest upon such refunding bonds from the date of sale thereof to the date of payment of the Prior Bonds or to the date upon which the Prior Bonds will be paid pursuant to the call thereof or agreement with the holders thereof;

(C) the premium, if any, necessary to be paid in order to call or retire the Prior Bonds and the interest accruing thereon to the date of the call or retirement; and

(D) any additional amount needed to provide for a deposit to the debt service reserve in connection with the issuance of the refunding bonds.

(4) The issuance of the refunding bonds shall not result in any increase in the aggregate amount of the government's outstanding "public indebtedness" as that term is used in 48 USC 1423a (§11 of the Organic Act of Guam).

(5) The refunding bonds shall have a final maturity not later than the final maturity of the Prior Bonds; provided, however, that this provision shall not apply to the refunding of Prior Bonds for the primary purpose of providing cash flow relief to the government.

(b) Terms and Conditions Determined by Certificate or Indenture. The terms and conditions of the bonds shall be as determined by I Maga'hagan/Maga'låhen Guåhan by the execution of a certificate or indenture authorizing the issuance of the bonds upon or prior to the issuance of the bonds.

(c) Pledge of Business Privilege Tax Revenues.

(1) All bonds authorized by Subsection (a) of this Section, as may be amended from time to time (BPT Bonds), shall be secured by a statutory lien on all tax revenues derived from the levy of the first three (3) percentage points, out of the total number of percentage points levied from time to time, of the business privilege tax levied pursuant to Article 2 of Chapter 26, Title 11, Guam Code Annotated, or any successor thereto (pledged business privilege tax revenues).

(2) This lien shall arise automatically without the need for any action or authorization by I Maga'hagan/Maga'låhen Guåhan, the government of Guam, or any other person or entity. Such lien shall be valid and binding from the time such BPT Bonds are issued. The pledged business privilege tax revenues shall immediately be subject to such lien, and the lien shall automatically attach to the

pledged business privilege tax revenues and be effective, binding, and enforceable against I Maga'hågan/Maga'låhen Guåhan, the government of Guam, their successors, assignees, and creditors, and all others asserting rights therein, irrespective of whether those parties have notice of the lien and without the need for any physical delivery, recordation, filing, or further act. Pledged business privilege tax revenues received by the government of Guam or by any trustee, depository or custodian shall be deposited in a separate account entitled the "BPT Revenue Fund."

(3) Pledged business privilege tax revenues that are not required to make payments on the BPT Bonds shall automatically, and without the need for any further action, be released from such lien and shall be available for appropriation for any other lawful purpose of the government. The statutory lien described in this Subsection shall not be subject to Division 9 of Title 13, Guam Code Annotated, or any successor statute.

(d) In addition to the statutory lien provided for in Subsection (c) of this Section, all or any part of the pledged business privilege tax revenues may be pledged, if and to the extent determined by I Maga'hågan/Maga'låhen Guåhan, to secure the payment of any BPT Bonds issued pursuant to that certain indenture, dated as of December 1, 2011, by and among the government of Guam, the Bank of Guam, as trustee, and the U.S. Bank National Association, as co-trustee, as amended or supplemented from time to time in accordance with its terms (BPT Indenture).

(1) Any such pledge shall be valid and binding against all parties in accordance with its terms and have priority against all parties in accordance with its terms from the time the pledge is made, and property so pledged shall immediately be subject to the lien of the pledge without the need for physical delivery, recordation, filing, or other further act. The pledge shall not be subject to Division 9 of Title 13, Guam Code Annotated, or any successor statute.

(2) The BPT Indenture by which such pledge is created need not be recorded and shall direct the distribution and disbursement of revenues from the BPT Revenue Fund following their deposit therein. All such taxes to the extent so pledged are hereby continuously appropriated for such purpose. So long as any bonds issued pursuant to the BPT Indenture, including, but not limited to, those authorized under Subsection (a) of this Section, as may be amended from time to time, remain outstanding, the government of Guam may not reduce the rate of levy and collection of the pledged business privilege tax below three percent (3%), nor may the government of Guam reduce the services, products or activities to which the pledged business privilege tax applies, nor may the government of Guam upwardly adjust any exception or exclusion to, or otherwise impair, the pledged business privilege tax.

(e) Valid and Binding. The bonds authorized by this Section shall constitute the valid and binding limited obligations of the government of Guam, secured by a pledge of the pledged business privilege tax revenues described in Subsection (c) of this Section, all as further specified below in such Subsection. All officers charged by law with any duty in the collection of the revenues of the government from which debt service on the bonds will be payable shall do every lawful thing necessary to collect such sum.

(f) Appropriation of Revenues. All revenues are hereby appropriated for the purposes of paying the principal and interest on the bonds issued pursuant to this Section. Revenues released from the lien of the indenture or certificate pursuant to which the bonds are issued shall be subject to appropriation by I Liheslaturan Guåhan for any other lawful purpose. Up to Five Million Dollars (\$5,000,000) of said revenues shall be appropriated to the Department of Public Health and Social Services in FY 2021 and FY 2022 for the sole purpose of providing temporary assistance in the form of grants which shall be distributed to local non-profit organizations that provide food and commodities for homeless individuals, unemployed individuals, children, and low-income families. These funds shall not lapse and shall be available to DPHSS until fully expended; provided, that this appropriation of revenues shall not take effect if federal funds, to

include funds from the American Rescue Plan Act of 2021, are expended for substantially similar purposes stated in this Subsection by the end of FY 2021.

(g) Additional Bonds. Nothing in this Section shall be construed to prevent the government from issuing, after appropriate enabling legislation, other obligations secured by pledged business privilege tax revenues on a parity with or subordinate to the bonds or the government's obligations with respect thereto authorized by this Section on such terms as may be provided by the indenture or certificate pursuant to which the bonds are issued. Nothing in this Section shall be construed to prevent the government of Guam from issuing, after appropriate enabling legislation, other obligations of the government secured by the general obligation of the government on a parity with or subordinate to the bonds authorized by this Section on such terms as may be provided by the indenture or certificate pursuant to which the bonds are issued.

(h) Waiver of Immunity; Submission to Jurisdiction. Notwithstanding any substantive or procedural provision of Chapter 6 of Title 5, Guam Code Annotated, the government of Guam waives immunity from any suit or action in contract on the bonds but does not waive sovereign immunity as to the personal liability of elected officials and employees of the government of Guam. The government of Guam hereby submits to the jurisdiction of the U.S. District Court for the District of Guam for purposes of any such suit or action in contract on the bonds.

(i) No Personal Liability. No employee or elected official of the government of Guam shall be individually or personally liable for the payment of any amounts due on any bonds issued under this Section, or for any other liability arising in connection with the bonds; provided, however, that nothing in this Section shall relieve any employee or elected official from the performance of any ministerial duty required by law.

(j) Form of Bonds; Covenants; Appointment of Fiduciaries.

(1) The technical form and language of the bonds, including provisions for execution, exchange, transfer, registration, paying agency, lost or mutilated bonds, negotiability, cancellation and other terms or conditions not inconsistent with this Section, including covenants relating to the collection of pledged business privilege tax revenues, shall be as specified in the certificate or indenture executed by I Maga'hagan/Maga'låhen Guåhan authorizing the issuance of the bonds.

(2) The certificate or indenture shall appoint one or more trustees, co-trustees or other fiduciaries authorized to receive and hold in trust the proceeds of the bonds, the pledged business privilege tax revenues and other moneys relating thereto, to protect the rights of bondholders and to perform such other duties as may be specified in the indenture. I Maga'hagan/Maga'låhen Guåhan is also authorized to execute, on behalf of the government of Guam, any appropriate agreements, certificates or other instruments relating to the bonds and the sale of bonds.

(k) Authorization for Credit Enhancement. I Maga'hagan/Maga'låhen Guåhan is authorized to enter into such contracts or agreements with such banks, insurance companies or other financial institutions as she determines are necessary or desirable to improve the security and marketability of the bonds issued under this Section, if and only if such contracts or agreements reduce the cost of the debt by more than the cost of credit enhancement. Such contracts or agreements may contain an obligation to reimburse, with interest, any such banks, insurance companies or other financial institutions for advances used to pay principal of or interest on the bonds and to indemnify any such banks, insurance companies or other financial institutions for costs and expenses incurred in connection with any such advance. Any such reimbursement obligation and any other obligations of the government under such contracts or agreements shall be general obligations of the government of Guam and shall additionally be secured by a pledge of, pledged business privilege tax revenues, and any such advance, if necessary, shall be treated for Organic Act purposes as creating an obligation issued to refund the bonds.

The revenues pledged and thereafter received by the government of Guam or by any trustee, depository or custodian shall be deposited in a separate account and shall be immediately subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of such pledge shall be valid and binding against all parties having claims of any kind in tort, contract or otherwise against the government of Guam or such trustee, depository or custodian, irrespective of whether the parties have notice thereof. The indenture or agreement by which such pledge is created need not be recorded. All such fees and penalties, to the extent so pledged, are hereby continuously appropriated for such purpose. Any annual balances in the RPRF not required for annual debt service, on an annual basis, or such other use as detailed in the indenture may be reverted to the Abandoned Vehicle/Streetlight Fund. The bonds shall not be, and shall state on their face that they are not, general obligations of the government of Guam.

(e) Waiver of Immunity. Notwithstanding any substantive or procedural provision of Chapter 6 of Title 5 of the Guam Code Annotated, the government of Guam waives immunity from any suit or action in contract on the bonds, but does not waive sovereign immunity as to the personal liability of elected officials and employees of the government of Guam.

(f) Form of Bonds; Covenants; Appointment of Fiduciaries. The technical form and language of the bonds, including provisions for execution, exchange, transfer, registration, paying agency, lost or mutilated bonds, negotiability, cancellation and other terms or conditions not inconsistent with this Section, including covenants relating to the maintenance of revenues, shall be as specified in the indenture approved by I Maga'hága/Maga'láhi, authorizing the issuance of the bonds. The indenture may appoint one (1) or more trustees or other fiduciaries authorized to receive and hold in trust the proceeds of the bonds and revenues relating thereto, to protect the rights of bondholders and to perform such other duties as may be specified in the indenture. I Maga'hága/Maga'láhi is also authorized to execute, on behalf of the government of Guam, any appropriate agreements, certificates or other instruments relating to the bonds, the sale of the bonds and payment of the bonds being refunded. The indenture shall be subject to the approval of I Liheslaturan Guåhan.

(g) Authorization for Credit Enhancement. I Maga'hága/Maga'láhi is authorized to enter into such contracts or agreements with such banks, insurance companies or other financial institutions as she/he determines are necessary or desirable to improve the security and marketability of the bonds issued under this Section. Such contracts or agreements may contain an obligation to reimburse, with interest, any such banks, insurance companies or other financial institutions for advances used to pay principal or interest on the bonds. Any such reimbursement obligation shall be payable solely from, and may be secured by a pledge of, the revenues described in Subsection (d) of this Section.

(h) Use of Proceeds from the Sale of the Bonds. Proceeds from the sale of the bonds shall be used solely to fund all or a portion of the projects enumerated in Subsection (j) of this Section, and to pay expenses relating to the authorization, sale and issuance of the bonds and the payment of the bonds being refunded, including, without limitation, printing costs, costs of reproducing documents, bond insurance premiums, underwriting, legal and accounting fees and charges, fees paid to banks or other financial institutions providing credit enhancement, costs of credit ratings, fees and charges for execution, transportation and safekeeping of bonds, escrow agent fees and other costs, charges and fees in connection with the issuance, sale and delivery of the bonds and the payment of the bonds being refunded.

(i) No Personal Liability Except for Failure to Perform Ministerial Duty. No employee or elected official of the government of Guam shall be individually or personally liable for the payment of any

amounts due on any bonds issued under this Section, or for any other liability arising in connection with the bonds; provided, however, that nothing in this Section shall relieve any employee or elected official from the performance of any ministerial duty required by law.

(j) Proceeds. The proceeds shall be expended for the following road and pothole repair projects:

(1) Repair of potholes not determined to be caused by the Guam Waterworks Authority or its contractors, the Guam Power Authority or its contractors, or any autonomous agency of the government of Guam or its contractors, as determined by the Director of Public Works. The Director of Public Works shall prioritize the order in which potholes shall be repaired, taking into account usage of the effected road or highway, severity of the pothole and risk to public safety.

5 GCA GOVERNMENT OPERATIONS
CH. 1 OFFICE OF I MAGA'HAGA/MAGA'LÄHI [THE GOVERNOR]

Section, in an aggregate principal amount not to exceed Twenty-five Million Dollars (\$25,000,000) for the purpose of paying for:

(1) the costs of the acquisition, construction and equipping of an educational facility that reflects a sense of Guam and the Chamorro culture and will be the permanent home for the preservation and continuance of the Chamorro people; provides for the display of artifacts and historical documents; stimulates community involvement; fosters research and conveys the results of research to the public primarily through the medium of public exhibits, demonstrations, lectures, public programs and publications using the theme: I Hinanao-ta, the journey of the Chamorro people;

(2) the preservation and restoration of the Plaza de España and other structures within the Plaza as important field facilities in the continuing cultural education of Guam's school children, residents, and visitors; and

(3) funding necessary reserves and paying expenses incurred in connection with the issuance of such debt not already included in an existing appropriation for, or the regular budget of any government agency or instrumentality or public corporation providing any service in connection with the issuance of such debt; provided, however, that such debt may not be issued in an amount that would cause a violation of the debt limitation provisions of 48 U.S.C. 1423a (§ 11 of the Organic Act of Guam).

(b) Terms and Conditions Determined by Certificate. The terms and conditions of the debt shall be determined by I Maga'hagan/Maga'låhen Guåhan by the execution of a certificate authorizing the issuance of the debt upon or prior to the issuance of the debt; provided, however, that such terms and conditions shall be consistent with this Section, and that the debt shall mature not later than the date thirty (30) years after its date of issuance and shall bear interest at such rates and be sold for such price or prices as shall result in a yield to the holders of the debt not exceeding seven and one-half percent (7½%) per annum.

(c) Valid and Binding. The debt authorized by this Section shall constitute the valid and binding limited obligation of the government of Guam payable from and secured by a pledge of the revenues derived from the Tourist Attraction Fund. The government of Guam pledges revenues described in Subsection (d) of this Section for the punctual payment of both principal of and interest on the debt and covenants that there shall be collected annually in the same manner and at the same time as government revenue for other purposes is collected, such sum as is required to pay the principal of and interest on the debt. There are hereby appropriated from the Tourist Attraction Fund such sums as may be necessary in each year to equal the amount of money necessary to pay the principal and interest on such debt. All officers charged by law with any duty in the collection of the revenues of the government from which debt service on the debt will be payable shall do every lawful thing necessary to collect such sum. The validity of any such debt shall not be affected by the validity or regularity of any proceedings for the expenditure of the proceeds of the debt.

(d) Pledge of Revenues. All or any part of the revenues constituting the Tourist Attraction Fund created by § 30107 of Title 11 GCA, Chapter 30 may be pledged to secure the repayment of any debt or debts created under this § 1514 and pay costs incurred in the creation of such debts, subject to any previously created lien on or pledge of such revenues. Any pledge made to secure the debt or debts shall be valid and binding from the time the pledge is made. The revenues pledged and thereafter received by the government of Guam or by any trustee, depository or custodian shall be deposited in a separate account and shall be immediately subject to the lien of such pledge without physical delivery thereof or further act, and the lien of such pledge shall be valid and binding against all parties having claims of any kind in tort, contract or otherwise, against the government of Guam, such trustee, depository or custodian, irrespective of whether the parties have notice thereof. The certificate by which such pledge is created need not be recorded. All revenues pledged are hereby continuously appropriated for the purpose for which they have been pledged.

(e) Waiver of Immunity. Notwithstanding any substantive or procedural provision of Chapter 6 of Title 5, Guam Code Annotated, the government of Guam waives immunity from any suit or action in contract on the debt, but does not waive sovereign immunity as to the personal liability of elected officials and employees of the government of Guam.

(f) No Personal Liability. No employee or elected official of the government of Guam shall be individually or personally liable for the payment of any amounts due on any debt issued under this Section, or for any other liability arising in connection with the debt; provided, however, that nothing in this Section shall relieve any employee or elected official from the performance of any ministerial duty required by law.

(g) Form of Debt; Covenants; Appointment of Fiduciaries. The technical form and language of the debt, including provisions for execution, exchange, transfer, registration, paying agency, lost or mutilated debt, negotiability, cancellation and other terms or conditions not inconsistent with this Section shall be as specified in the certificate executed by I Maga'hagan/Maga'låhen Guåhan authorizing the issuance of the debt. The certificate shall appoint one (1) or more trustees, co-trustees or other fiduciaries authorized to receive and hold in trust the proceeds of the debt and other moneys relating thereto, to protect the rights of holders of the debt and to perform such other duties as may be specified in the certificate. I Maga'hagan/Maga'låhen Guåhan is also authorized to execute, on behalf of the government of Guam, any appropriate agreements, certificates or other instruments relating to the debt and the sale of debt.

(h) Use of Proceeds from the Sale of the Debt. The proceeds of the debt shall be used and are hereby appropriated to:

(1) pay for the costs of the acquisition, construction and equipping of an educational cultural facility;

(2) pay for Five Million Dollars (\$5,000,000) towards the costs of the preservation and restoration of the Plaza de España, and other structures within the Plaza;

(3) establish necessary reserves;

(4) pay expenses relating to the authorization, sale and issuance of the debt, including, without limitation, printing costs, costs of reproducing documents, legal, financial advisory and accounting fees and charges and other costs, charges and fees in connection with the issuance, sale and delivery of the debt; and

(5) fund capitalized interest on the debt for a period not exceeding twenty-four (24) months.

The educational cultural facility shall include facilities designed to assist in furthering the preservation, education and presentation of Guam's culture, heritage and history.

(i) Permitted Investments. The proceeds of the debt and any moneys relating to the payment of such debt, may be invested in, but only in, the types of investments permitted by the certificate pursuant to which such debt is issued.

Section 50103(k), Title 12, Guam Code Annotated, provides that agencies and instrumentalities of the government of Guam shall issue debt and other obligations only by means of and through the agency of the Guam Economic Development Authority (GEDA). No debt authorized by this Section shall be sold until the Board of Directors of GEDA has adopted a resolution approving the sale of such issue.

(k) Approval of Voters Not Required. Notwithstanding §§ 17311 and 17312 of Title 17, Guam Code Annotated, the issuance of the debt authorized by this Section shall not be required to be subject to the approval of, or placed before, the voters of Guam.

§ 1515. Authorization to Borrow for the Purpose of Acquiring, Constructing and Equipping an Educational Cultural Facility, a Community Cultural Center and Certain Other Projects that Benefit Guam's Tourism Industry and for the Purpose of Refunding the Outstanding Government of Guam Limited Obligation Infrastructure Improvement Bonds.

(a) Definitions. The following terms shall have the following meanings when used in this Section:

(1) "Debt service" means the scheduled principal of and interest on bonds plus fees, if any, to be paid for credit enhancement of such bonds.

(2) "Debt service savings" means the amount by which the present value of debt service on refunding bonds is less than the present value of the remaining debt service on the prior obligations refunded by such refunding bonds. Present value shall be calculated for this purpose using the yield on the bond issue as the discount rate.

(3) "Hotel tax revenues" means all revenues derived from taxes of the type now imposed by § 30101 of Chapter 30 of Title 11 of the Guam Code Annotated.

(4) "New money bond" means a bond issued pursuant to this Article as part of the same issue as the refunding bonds, but for the purpose of providing moneys for the projects authorized by Subsection (i) of this Section, funding a debt service reserve fund, or paying expenses incurred in connection with the issuance of such new money bonds not already included in an existing appropriation for, or the regular budget of any government agency or instrumentality or public corporation providing any service in connection with the issuance of such debt.

(5) "Prior obligations" means the outstanding Government of Guam Limited Obligation Infrastructure Improvement Bonds, 1997 Series A, being refunded in connection with the issuance of bonds pursuant to this Section.

(6) "Refunding bond" means a bond issued pursuant to this Section for the purpose of providing moneys to redeem or otherwise retire prior obligations, funding any appropriate reserves allocable to the refunding bonds, or paying expenses incurred in connection with the issuance of such refunding bonds not already included in an existing appropriation for, or the regular budget of any government agency or instrumentality or public corporation providing any service in connection with the issuance of such debt.

(7) "Yield" means the annual discount rate which, when used to discount all payments of net debt service on a bond issue to the date of issuance of the bonds, using a semiannual compounding interval, results in the aggregate present value of such payments being equal to the re-offering price to the public of the bonds. For this purpose, "net debt service" means debt service minus the amount of any direct subsidy payment to be received from the United States in connection with debt service.

(b) Authorization of Issuance of Limited Obligation Infrastructure Improvement Bonds. I Maga'hagan/Maga'låhen Guåhan is authorized to issue on behalf of the Government an issue of bonds of the Government consisting of refunding bonds and new money bonds, subject to the following requirements and limitations:

(1) The issuance of the bonds shall not cause a violation of the debt limitation provisions of Title 48 U.S.C. §1423a (§ 11 of the Organic Act of Guam).

(2) All obligation of the Government to pay debt service on the prior obligations shall be discharged concurrently with the issuance of the refunding bonds. Thereafter, any remaining debt service on the prior obligations shall be payable solely from and secured solely by a refunding escrow established for such purpose.

5 GCA GOVERNMENT OPERATIONS
CH. 1 OFFICE OF I MAGA'HAGA/MAGA'LÁHI [THE GOVERNOR]

(3) The present value of debt service on the refunding bonds shall be at least two percent (2.0%) less than the present value of debt service on the refunded bonds, using the yield on the refunding bonds as the discount rate.

(4) The aggregate principal amount of refunding bonds issued shall not exceed the amount necessary to redeem or otherwise retire the prior obligations, fund any appropriate reserves allocable to the refunding bonds, and pay expenses incurred in connection with the issuance of the refunding bonds not already included in an existing appropriation for, or the regular budget of any government agency or instrumentality or public corporation providing any service in connection with the issuance of such debt.

(5) The aggregate principal amount of new money bonds issued shall not exceed the amount necessary to fund the sum of the amounts appropriated for the projects listed in Subsection (i) of this Section, establish a debt service reserve fund allocable to the new money bonds, pay capitalized interest on the bonds and pay expenses incurred in connection with the issuance of the new money bonds not already included in an existing appropriation for, or the regular budget of any government agency or instrumentality or public corporation providing any service in connection with the issuance of such debt.

(6) Aggregate net debt service in each fiscal year on the bonds issued pursuant to this Section and any Government of Guam Infrastructure Improvement Bonds, 1997 Series A, remaining outstanding after the issuance of such bonds shall not exceed Seven Million Dollars (\$7,000,000) per fiscal year.

(c) Source of Payment and Security for the Bonds. The bonds issued pursuant to this Section shall be limited obligations of the Government payable from and secured by a pledge of all or any part of the hotel tax revenues. Any pledge made to secure the bonds shall be valid and binding from the time the pledge is made. The hotel tax revenues received by the Government or any trustee, depository and custodian shall be deposited in a separate account and shall be immediately subject to the lien of such pledge without physical delivery thereof or further act, and the lien of such pledge shall be valid and binding against all parties having claims of any kind in tort, contract or otherwise, against the Government of such trustee, depository or custodian, irrespective of whether the parties have notice thereof. The indenture by which such pledge is created need not be recorded. Hotel tax revenues pledged for the purpose of paying the bonds are hereby continuously appropriated for such purpose and for the purposes of paying the charges of any trustee, custodian, depository, auditor or credit enhancement provider for the bonds and any other necessary bond expenses under the indenture. All such revenues not needed for such purpose or for the purposes of paying any Government of Guam Limited Obligation Infrastructure Improvement Bonds, 1997 Series A, remaining outstanding and any expenses related thereto shall be transferred periodically by any trustee or other fiduciary under the indenture as follows:

(1) first, to the fund or account designated by the Guam Visitors Bureau (GVB), such amount as is specified by the budget enacted by I Liheslaturan Guåhan for the GVB, and

(2) second, the balance of such revenues to the Tourist Attraction Fund.

The obligation to make these transfers to the GVB and the Tourist Attraction Fund shall not be a part of the contract with the bondholders, and shall be subject to the modification by amendment of this Subsection (c) of this Section.

The Director of Administration shall provide to I Liheslaturan Guåhan a copy of each monthly trustee's or other fiduciary's report on collections and disbursements of hotel tax revenues within five (5) working days of the Director's receipt of such report.

(d) Terms and Conditions Determined by Indenture; Form of Bonds; Covenants; Appointment of Fiduciaries; Other Related Agreements. The terms and conditions of the new issue shall be as determined by I Maga'hågan/Maga'låhen Guåhan by the execution of an indenture authorizing the issuance of the issue. The indenture shall contain such terms and conditions as are consistent with this Section. The technical form and language of the bonds of the new issue, including provisions for execution, exchange, transfer, registration, paying agency, lost or mutilated bonds, negotiability, cancellation and other terms, covenants or conditions not inconsistent with this Section, shall be as specified in the indenture executed by I Maga'hågan/Maga'låhen Guåhan authorizing the issuance of the bonds. Such contracts or agreements may contain an obligation to reimburse, with interest, any such banks, insurance companies or other financial institutions for advances used to pay principal of or interest on the issue. Any such reimbursement obligation shall be payable solely from the same sources as debt service on the issue is payable, and any such advance, if necessary, shall be treated as creating a reimbursement obligation issued to refund the issue.

(f) Valid and Binding Obligations, Collection of Revenue. The bonds of the issue authorized by this Section shall constitute the valid and binding limited obligations of the Government. All officers charged by law with any duty in the collection of any revenues from which debt service on the issue is payable shall do every lawful thing necessary to collect the money necessary for such purpose. The validity of any such bonds shall not be affected by the validity or regularity of any proceedings for the implementation of the infrastructure improvement projects funded by either the prior obligations or the new money bonds.

(g) Waiver of Immunity. Notwithstanding any substantive or procedural provision of the Government Claims Act, Chapter 6 of Title 5 of the Guam Code Annotated, the Government waives immunity from any suit or action in contract on the bonds authorized by this Section, but does not waive sovereign immunity as to the personal liability of elected officials and employees of the Government.

(h) No Personal Liability. No employee or elected official of the Government shall be individually or personally liable for the payment of any amounts due on any bonds issued under this Section, or for any other liability arising in connection with the bonds; provided, however, that nothing in this Section shall relieve any employee or elected official from the performance of any ministerial duty required by law.

§ 1515.1. Authorization of One (1) or More Series of Hotel Occupancy Tax Revenue Bonds.

(a) I Liheslaturan Guåhan, pursuant to 12 GCA § 50103(k), hereby authorizes I Maga'hågan/Maga'låhen Guåhan to issue one (1) or more additional series of tax-exempt and/or taxable Government of Guam Hotel Occupancy Tax Revenue Bonds, as provided in this Section, in an aggregate principal amount not to exceed Seventy-five Million Dollars (\$75,000,000) for the following purposes: (1) to refund all or a portion of the outstanding Government of Guam Hotel Occupancy Tax Revenue Bonds, Series 2011A (the 2011A Bonds); (2) to fund a deposit to a debt service reserve fund; and (3) to pay expenses relating to the authorization, sale, and issuance of the bonds, including without limitation, printing costs, costs of reproducing documents, credit enhancement fees, underwriting, legal, feasibility, financial advisory and accounting fees and charges, fees paid to banks or other financial institutions providing credit enhancement, costs of credit ratings and other costs, or charges and fees in connection with the issuance, sale and delivery of the bonds, subject to the following additional conditions:

(1) The terms and conditions of the bonds shall be as determined by I Maga'hågan/Maga'låhen Guåhan by the execution of a certificate or indenture authorizing the issuance of the bonds, prior to the issuance of the bonds, and shall be issued under the master indenture pursuant to which the 2011A Bonds were issued (including any amendments thereto); provided, however, that such terms and conditions shall be consistent with this Section; that the bonds shall have a final maturity not later than the final maturity of the 2011A Bonds; and that the present value of debt service on the bonds issued to refund the 2011A Bonds shall be at least two percent (2%) less than the present value of debt service on the bonds being refunded or refinanced, inclusive of all fees for bond counsel and bond underwriters and other costs of issuance.

(2) The proceeds from such bonds shall be used and are hereby appropriated

(A) to refund all or a portion of the 2011A Bonds;

(B) to fund a deposit to a debt service reserve fund; and

(C) to pay expenses relating to the authorization, sale, and issuance of the bonds including, without limitation, printing costs, costs of reproducing documents, credit enhancement fees, underwriting, legal, feasibility, financial advisory and accounting fees and charges, fees paid to banks or other financial institutions providing credit enhancement, costs of credit ratings and other costs, or charges and fees in connection with the issuance, sale, and delivery of the bonds.

(3) No bonds authorized by this Section shall be sold until the Board of Directors of Guam Economic Development Authority has approved the sale by resolution, as provided by Chapter 50 of Title 12, Guam Code Annotated.

(4) The issuance of bonds pursuant to this Section shall not be subject to the approval of the voters of Guam.

(b) All bonds issued pursuant to 5 GCA §§ 1515 and 1515.1, as may be amended from time to time, as well as any bonds (Hotel Occupancy Tax Bonds) issued pursuant to that certain indenture, dated as of April 1, 2011, by and among the government of Guam, the Bank of Guam, as trustee, and the U.S. Bank National Association, as co-trustee, as amended or supplemented from time to time in accordance with its terms (the Hotel Occupancy Tax Bond Indenture) shall be secured by a statutory lien on all revenues derived by the government of Guam from taxes imposed by 11 GCA § 30101, as may be amended from time to time (Hotel Occupancy Tax Revenues). This lien shall arise automatically without the need for any action or authorization by I Maga'hagan/Maga'låhen Guåhan, the government of Guam, or any other person or entity. Such lien shall be valid and binding from the time such Hotel Occupancy Tax Bonds are issued. The Hotel Occupancy Tax Revenues shall immediately be subject to such lien, and the lien shall automatically attach to the Hotel Occupancy Tax Revenues and be effective, binding, and enforceable against I Maga'hagan/Maga'låhen Guåhan, the government of Guam, their successors, assignees, and creditors, and all others asserting rights therein, irrespective of whether those parties have notice of the lien and without the need for any physical delivery, recordation, filing, or further act. Hotel Occupancy Tax Revenues that are not required to make payments on the Hotel Occupancy Tax Bonds shall automatically, and without the need for any further action, be released from such lien and shall be available for appropriation for any other lawful purpose of the government. The statutory lien described in this Subsection shall not be subject to Division 9 of Title 13, Guam Code Annotated, or any successor statute. The Hotel Occupancy Tax Revenues received by the government of Guam or by any trustee, depository, or custodian shall be deposited in accordance with the provisions of the applicable indenture.

Any such pledge shall be valid and binding against all parties in accordance with its terms and have priority against all parties in accordance with its terms from the time the pledge is made, and property so pledged shall immediately be subject to the lien of the pledge without the need for physical delivery, recordation, filing, or other further act. The pledge shall not be subject to Division 9 of Title 13, Guam Code Annotated, or any successor statute. The indenture by which such pledge is created need not be recorded. All Hotel Occupancy Tax Revenue so pledged is hereby appropriated for the purpose for which it has been pledged. Indebtedness issued by the government pursuant to this Article and that is payable from Hotel Occupancy Tax Revenue may not be issued in an amount that would cause a violation of the debt limitation provisions of Section 11 of the Organic Act of Guam.

§ 1516. GARVEE Bonds Authorized.

(a) Legislative Findings and Intent. I Liheslaturan Guåhan hereby finds as follows:

(1) Federal law authorizes states and territories to issue Grant Anticipation Revenue Vehicle (GARVEE) bonds, which are payable from expected Title 23 Federal-aid grants from the U.S. Department of Transportation.

(2) Utilizing GARVEE bonds to finance highway construction projects eligible for Title 23 funding from the Federal Highway Administration (FHWA) can result in significant cost savings since projects can be completed at present-day costs, allows Guam to maintain its local highway construction capability by keeping it actively employed, and enables Guam to avoid the potential cost inflation that may accompany the military build-up.

(3) Funding transportation projects with grant anticipation bonds will also enable completion of highway construction projects, or preliminary components thereof, during this lull prior to the military build-up.

(4) The borrowing rates for grant anticipation bonds are near their all-time historical lows, presenting Guam with a unique opportunity to fund its transportation projects at a favorable cost of capital.

(5) Bonds to be repaid solely with the proceeds of special purpose federal grants are not “public indebtedness” within the meaning of the debt limitation provisions of the Guam Organic Act, 48 U.S.C. §1423a.

(6) Therefore, it is in the best interest of Guam to develop these innovative methods for funding and accelerating critical transportation infrastructure projects.

(b) Grant Anticipation Revenue Vehicle (GARVEE) Bonds for Highways.

(1) Authorization of Issuance of GARVEE Bonds. I Maga'hågan/Maga'låhen Guåhan is authorized to issue one or more series of grant anticipation notes or bonds of the government of Guam in an aggregate principal amount not to exceed Seventy-Five Million Dollars (\$75,000,000) for the purpose of implementing the Capital Improvement Highway Projects described in Subsection (11) of this Section, funding debt service reserves and paying expenses incurred in connection with the issuance of such bonds; provided, however, that the issuance of the notes or bonds shall not cause a violation of the debt limitation provisions of 48 U.S.C. §1423a.

(2) Terms and Conditions Determined by Indenture. As hereafter used in this Section, the term “bonds” includes notes, bonds and other evidences of indebtedness. The terms and conditions of the bonds shall be as determined by I Maga'håga/Maga'låhi by the execution of an indenture securing the bonds upon or prior to the issuance of the bonds. The indenture shall contain such terms and conditions as are consistent with this Section.

(3) Valid and Binding Obligation. Any bonds authorized by this Section shall constitute the valid and legally binding limited obligations of the government of Guam payable solely from and secured by a pledge of the revenues pledged pursuant to Subsection (4) of this Section. The validity of any such bonds shall not be affected by the validity or regularity of any proceedings for the implementation of Capital Improvement Highway Projects funded by the new bonds.

(4) Pledge of Grant Revenues; Not a General Obligation. All or any part of amounts apportioned to the government of Guam by the United States Department of Transportation or its successor may be pledged to secure the repayment of any bonds issued under this Section and to pay costs incurred in connection with the issuance or administration of the bonds. Pledged revenues may include, but are

5 GCA GOVERNMENT OPERATIONS
CH. 1 OFFICE OF I MAGA'HAGA/MAGA'LÁHI [THE GOVERNOR]

not limited to, amounts paid to the government of Guam pursuant to Chapter 1 of Title 23, United States Code, Highways, as amended and supplemented from time to time (Title 23), any successor to or replacement of Title 23, and any other provision of federal law authorizing federal funding of highways in Guam. Any pledge made to secure the bonds shall be valid and binding from the time the pledge is made. The revenues pledged and thereafter received by the government of Guam or by any trustee, depository or custodian shall be deposited in a separate account and shall be immediately subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of such pledge shall be valid and binding against all parties having claims of any kind in tort, contract or otherwise against the government of Guam or such trustee, depository or custodian, irrespective of whether the parties have notice thereof. The indenture or agreement by which such pledge is created need not be recorded. All such revenues, to the extent so pledged, are hereby continuously appropriated for such purpose. The bonds shall not be, and shall state on their face that they are not, general obligations of the government of Guam.

(5) Authorization of Memorandum of Understanding. I Maga'hagan/Maga'láhen Guáhan may enter into one (1) or more memoranda of understanding on behalf of the government with the Federal Highway Administration, which would, among other things, identify the projects to be financed with proceeds of the bonds and set forth the procedures for calculation, request and payment of pledged revenues to the trustee, depository or custodian.

(6) Waiver of Immunity. Notwithstanding any substantive or procedural provision of Chapter 6 of Title 5 of the Guam Code Annotated, the government of Guam waives immunity from any suit or action in contract on the bonds, but does not waive sovereign immunity as to the personal liability of elected officials and employees of the government of Guam.

(7) Form of Bonds; Covenants; Appointment of Fiduciaries. The technical form and language of the bonds, including provisions for execution, exchange, transfer, registration, paying agency, lost or mutilated bonds, negotiability, cancellation and other terms or conditions not inconsistent with this Section, including covenants relating to the administration of grant programs and the handling of revenues, shall be as specified in the indenture approved by I Maga'hága/Maga'láhi, authorizing the issuance of the bonds. The indenture may appoint one or more trustees or other fiduciaries authorized to receive and hold in trust the proceeds of the bonds and revenues relating thereto, to protect the rights of bondholders and to perform such other duties as may be specified in the indenture. I Maga'hága/Maga'láhi is also authorized to execute, on behalf of the government of Guam, any appropriate agreements, certificates or other instruments relating to the bonds and the sale thereof.

(8) Authorization for Credit Enhancement. I Maga'hága/Maga'láhi is authorized to enter into such contracts or agreements with such banks, insurance companies or other financial institutions as she/he determines are necessary or desirable to improve the security and marketability of the bonds issued under this Section. Such contracts or agreements may contain an obligation to reimburse, with interest, any such banks, insurance companies or other financial institutions for advances used to pay principal or interest on the bonds. Any such reimbursement obligation shall be payable solely from, and may be secured by a pledge of, the revenues described in Subsection (4) of this Section.

(9) Use of Proceeds from the Sale of the Bonds. Proceeds from the sale of the bonds shall be used solely to implement the Capital Improvement Highway Projects described in Subsection (11) of this Section, to fund a debt service reserve fund, if any, and to pay expenses relating to the authorization, sale and issuance of the bonds, including, without limitation, printing costs, costs of reproducing documents, credit enhancement fees, if any, underwriting, legal and accounting fees and charges, costs of credit ratings and other costs, charges and fees in connection with the issuance, sale and delivery of the bonds. Any earnings derived from the investment of bond proceeds, and any bond proceeds not

CH. 1 OFFICE OF I MAGA'HAGA/MAGA'LÁHI [THE GOVERNOR]

required for the completion of the Capital Improvement Highway Projects may be used by the Department of Public Works to purchase equipment and supplies to maintain Guam's highways.

(10) No Personal Liability. No employee or elected official of the government of Guam shall be individually or personally liable for the payment of any amounts due on any bonds issued under this Section, or for any other liability arising in connection with the bonds; provided, however, that nothing in this Section shall relieve any employee or elected official from the performance of any ministerial duty required by law.

(11) Expenditure of Proceeds.

(A) Project Groups. The 2030 Guam Transportation Plan (GTP) identifies highway projects that need to be undertaken to improve Guam's highway infrastructure. Highway projects to be funded under this Chapter are categorized into two (2) groups: Group 1 and Group 2.

(i) Group 1: eligible highway projects identified in the 2030 GTP that are deemed high priority and require funding immediately. (The projects are listed in alphanumeric order as a matter of form, and the Group 1 list is not to be construed as an order of implementation priority).

(ii) Group 2: eligible highway projects identified in the 2030 GTP that may be undertaken using:

(aa) excess fund balances from completed Group 1 projects and not needed or insufficient for the completion of remaining Group 1 project(s), or

(bb) funds reprogrammed from a Group 1 project that cannot be completed within a reasonable time due to technical or regulatory constraints.

(B) The proceeds shall be expended for the following Capital Improvement Highway Projects:

GROUP 1

(i) Route 14B (Ypao Road) - Reconstruction and Widening:

(aa) Phase 1, From Rte-1 to Carmen Memorial Drive (near SDA),

(bb) Phase 2, from Carmen Memorial Drive to Rte-14B/Rte-14 (San Vitores Road).

(ii) Route 27 (aka Adrian Sanchez Rd or Hamburger Rd) - Reconstruction, Widening, and Drainage Improvements from Rte-1 to Rte 16, and signalization at Rte-1/Rte-27 intersection.

(iii) Tiyan Parkway - Construction, Phase 1 (from old GPD Headquarters, westward to Rte-8 vic. Cars Plus).

GROUP 2

(iv) Route 10A (Airport Road) - Reconstruction and Widening.

(v) Route 14 (Chalan San Antonio, Rte-1 to Archbishop Felixberto Flores Circle) - Resurfacing

(vi) Route 17 (Cross-island Road) - Rehabilitation and widening, Phase 2B (Rte-5/Rte-17 to Rte-17/Rte-4A intersections).

(vii) Route 26 (Macheche Hill) - Reconstruction and Widening from Rte-1 to Rte 15.

(viii) Mass transit improvements.

In the event that one (1) or more of the Capital Improvement Highway Projects listed in Group 1 or Group 2 of this Subsection (11) is completed at a cost that is lower than current estimates, or that logistics in construction or other events cause one (1) or more other Capital Improvement Highway Projects to be ready for construction prior to the Capital Improvement Highway Projects listed above in Group 1 or Group 2 of this Subsection (11), then the proceeds of the bonds may also be expended on such other or additional Capital Improvement Highway Projects as are approved by the Federal Highway Administration for financing with proceeds of the bonds pursuant to a new or amended memorandum of understanding (as described in Subsection (5) of this Section) with I Maga'hågan/Maga'låhen Guåhan. Any earnings derived from the investment of bond proceeds, and any bond proceeds not required for the completion of all of the Capital Improvement Highway Projects, shall be used as required or permitted by federal law on transportation related projects, subject to an appropriation by I Liheslatura.

(12) Approval by Guam Economic Development Authority. Subsection (k) of § 50103 of Title 12 of the Guam Code Annotated provides that agencies and instrumentalities of the Government shall issue bonds and other obligations only by means of and through the agency of the Guam Economic Development Authority (GEDA). No issue of bonds authorized by this Section shall be sold until the Board of Directors of GEDA has adopted a resolution approving the sale of such issue.

(13) Approval by I Liheslatura of Government of Guam Grant Anticipation Bonds. I Liheslaturan Guåhan, pursuant to Subsection (k) of § 50103 of Title 12 of the Guam Code Annotated, hereby approves the issuance and sale by the government of Guam of bonds pursuant to this Section in one or more series or issues; provided that such notes or bonds shall have an aggregate principal amount not to exceed Seventy-Five Million Dollars (\$75,000,000), shall have a final maturity not later than twenty (20) years from their date of initial issuance, shall bear interest at such rate or rates and shall be sold for such price or prices as shall result in a net yield to the bondholders not exceeding seven percent (7.0%) per annum, shall be issued and sold in the manner, for the purposes and subject to the requirements and limitations provided in this Section. Net yield to the bondholders shall be calculated by subtracting interest subsidy amounts, if any, to be received from the United States in connection with such bonds from the amount of interest to be paid to bondholders.

COMMENT: The original San Francisco Liaison Office was closed by the failure of the 17th Guam Legislature to appropriate funds for its continuance and because the federal government switched its own liaison duties back to Washington. In addition, when P.L. 17-025:III:2 repealed and reenacted the law with respect to the duties of the Lt. Governor, that reenactment omitted any reference to the responsibility of the Lt. Governor over any Guam Liaison Offices. Beginning in 1983 the Governor has maintained his own Liaison Office in Washington, D.C.

- § 13.206. Authorization to Deposit Funds in the Guam War Claims Fund.
- § 13.207. Effective Date.

§ 13.201. Legislative Findings and Intent.

(a) On December 8, 1941, the Imperial Japanese military invaded and occupied Guam for nearly three (3) years. During the occupation, approximately twenty thousand (20,000) people suffered and were subjected to death, rape, severe personal injury, personal injury, forced labor, forced march, or internment. On November 15, 1945, the United States Congress passed the Guam Meritorious Claims Act, which was signed by President Harry S. Truman as Public Law 79-224. This Act authorized the Secretary of the Navy to grant immediate relief to the residents of Guam by adjudicating and settling claims for property damage, death, or personal injury.

(b) In 1947, Dr. Ernest M. Hopkins chaired a committee appointed to evaluate the U.S. Navy's execution of the Guam Meritorious Claims Act. The "Hopkins Report" generated by the committee determined that the implementation of the Guam Meritorious Claims Act was not sufficient and payments for claims were slow. The Hopkins Report recommended to Congress that changes were necessary; however, Congress failed to adopt any recommendations in future war claims legislation passed by it.

(c) On December 23, 2016, nearly seventy-two (72) years after the passage of the Guam Meritorious Claims Act, the Guam World War II Loyalty Recognition Act was signed into law as U.S. Public Law 114-328. On June 20, 2017, the Commission's Guam World War II Loyalty Recognition Act Claims Program began. The Guam World War II Loyalty Recognition Act authorizes the Foreign Claims Settlement Commission to accept and adjudicate claims. Section 1705(b)(2) of U.S. Public Law 114-328 gives the authority of the Foreign Claims Settlement Commission to publish a notice of the deadline for filing a claim in the Federal Register, and in newspaper, radio, and television media in Guam. Pursuant to Section 1705(b)(2) of U.S. Public Law 114-328, following the implementation of the Guam World War II Loyalty Recognition Act Claims Program, claimants were given one (1) year to file. The deadline to file a claim was on June 20, 2018. Since the June 20, 2018 deadline, over seven hundred (700) remaining survivors of Guam's wartime occupation and their descendants have signed a petition urging Congress to amend the Guam World War II Loyalty Recognition Act to remove the deadline to file their claim.

(d) While under the National Defense Authorization Act of 2017, the Guam World War II Claims Fund, also known as the "Claims Fund," was established as a special fund by the Secretary of the Treasury for the payments of claims. Deposits collected under Section 30 over the 2014 threshold are to be made into the Claims Fund with deductions for administrative expenses.

(e) While the government of Guam has demonstrated through the passage of Public Law 35-061 its intent and desire to pay out World War II claims as expeditiously as possible, Section 1705(b)(2) of U.S. Public Law 114-328 prohibits members of the Greatest Generation who have not filed within the one (1)-year filing period from filing claims. It is the intent of the Guam World War II Reconciliation Act of 2021 to make right by these individuals as I Liheslaturan Guåhan finds that it is a moral obligation to do right by our manåmko'.

(f) While I Liheslaturan Guåhan finds that it is the duty of the United States Congress to correct this technical flaw, Guam's Delegate to Congress has urged I Liheslaturan Guåhan to act independently as I Liheslatura can ensure that its moral obligation to our manåmko' is fulfilled in a timely manner.

2021 NOTE: Subsection designations added pursuant to authority of 1 GCA § 1606.

§ 13.202. Implementation of the Guam World War II Reconciliation Act of 2021.

Notwithstanding any other provision of law, within thirty (30) days of the enactment of the Guam World War II Reconciliation Act of 2021, I Maga'hågan/Maga'låhen Guåhan shall submit to the Speaker of I Liheslaturan Guåhan an implementation plan, which shall include a proposed funding source(s), for the payment of war claims under U.S. Public Law 114-328 to claimants who failed to meet the one (1)-year filing deadline under Section 1705(b)(2) of U.S. Public Law 114-328. Upon the submission of I Maga'hågan/Maga'låhen Guåhan's implementation plan, I Liheslaturan Guåhan may adopt, reject, or amend the plan in the form of a bill. If after thirty (30) calendar days, I Liheslaturan Guåhan fails to act on the plan as submitted, the plan shall be deemed adopted.

§ 13.203. Adjudication Committee Established.

(a) At a minimum, the implementation plan required by this Act shall incorporate the establishment of an Adjudication Committee responsible for adjudicating, through a formal application process, war claims from individuals who were eligible to apply for compensation pursuant to U.S. Public Law 114-328 but were unable to submit required documents to the Foreign Claims Settlement Commission of the United States on or before June 20, 2018.

(b) The Adjudication Committee shall consist of five (5) members:

- (1) the Executive Director of the Commission on Decolonization or their designee;
- (2) I Maga'hågan/Maga'låhen Guåhan or their designee;
- (3) the Speaker of I Liheslaturan Guåhan or their designee;
- (4) the President of the Mayors' Council of Guam or their designee; and

(5) a member of the general public appointed by I Maga'hågan/Maga'låhen Guåhan. A Chairperson shall be elected from among the members of the Adjudication Committee.

(c) The Adjudication Committee may establish rules and regulations, procure goods and services, and solicit personnel assistance and other administrative support from I Maga'hågan/Maga'låhen Guåhan and the Speaker of I Liheslaturan Guåhan as may be necessary to effectively and efficiently administer the provisions of this Act. Decisions by the Adjudication Committee shall require a majority vote.

2025 NOTE: References to the "Governor of Guam" replaced with I Maga'hågan/Maga'låhen Guåhan pursuant to 5 GCA § 1510.

2021 NOTE: Subsection designations added pursuant to authority of 1 GCA § 1606.

§ 13.204. Consistency with Established Guidelines, Rules and Regulations, and Award Limits.

(a) The Adjudication Committee shall adjudicate all applications submitted by compensable Guam victims and survivors of compensable Guam decedents, as defined by the Guam World War II Loyalty Recognition Act enacted through U.S. Public Law 114-328.

(b) All rules and regulations and decisions rendered by the Adjudication Committee shall be consistent with program guidance and award limits established pursuant to U.S. Public Law 114-328.

2021 NOTE: Subsection designations added pursuant to authority of 1 GCA § 1606.

§ 13.205. Reporting Requirements.

(a) A portion of any funds authorized to effectuate the requirements of this Act may be used by the Adjudication Committee for administrative and legal assistance. Until the payment of all eligible war claims

applications have been paid, the Director of Administration shall submit a report every six (6) months summarizing the number of applications which have been submitted, adjudicated, and settled, which shall include information on all payments issued pursuant to this Act.

(b) Information concerning the identity of war survivors and their application for war claims shall be protected and shall not be part of the public record.

§ 13.206. Authorization to Deposit Funds in the Guam War Claims Fund.

(a) The Guam War Claims Fund, established by Public Law 35-061, was established to expedite the payments of adjudicated claims. As prescribed under 5 GCA § 13.101, monies reimbursed by the United States Department of Treasury for the implementation of Public Law 35-061 shall remain in said Fund and are authorized to be expended for the payment of war claims under U.S. Public Law 114-328 to claimants who missed the one (1)-year filing deadline under Section 1705(b)(2) of U.S. Public Law 114-328.

(b) Should such funds be insufficient for the implementation of the Guam World War II Reconciliation Act of 2021, notwithstanding any other provision of law, I Maga'hågan/Maga'låhen Guåhan is authorized to transfer such sums as may be available to her for the purposes outlined in § 13.202 of this Article; provided, that such transfer is reported to the Speaker of I Liheslaturan Guåhan and the Office of Finance and Budget no later than five (5) working days before the transfer is made. Said transfer report shall indicate which fund, object categories, object groups, and agencies the funds were transferred to or from.
